# Wild Nature Won By Kindness

by Elizabeth Brightwen

A delightful collection of stories about birds, puppies, rodents, and assorted bugs Mrs. Brightwen either rescued or found and carefully observed and recorded their habits and antics as they made their way to maturity in her care. She shows in every sentence that she loves the entire world of living creatures and has a knack of describing them in plain language yet entertainingly. Ant-lions, butterflies, baby chicks, puppies, spiders, beetles, earwigs and even snails all fall under her descriptive spell. If you love animals and love to hear about the habits of even the tiniest of them, these short tales are tailor made for you. - Summary by Phil Chenevert
